## Fit Comments

This style is Tech Bulk Approved with the following comments.

All revisions and/or corrections below must be implemented for bulk.

Production Team must advise final approval to cut.

Submit Meeting Samples for every KI# and Color to Production Team.

No Physical TOPs required. Please help to send photos of WB fray being measured on a few samples pulled from production line.

## Pattern:

1. We are asking factory to adjust pattern with the following updates:
    - A. Reduced waist width and amount of curving gin WB based on changes made in 255D1532.
    2. Please submit updated pattern with updated waist specs for our record.

## Fit/Specs

1. See measurement verification pg for all measurements, revised targets & additional fit notes.
  2. Please monitor shrinkage and cutting issues to help the garments meet all target specs by PP stage.

## Vendor Callouts:

1. We made sample to follow  $\frac{3}{4}$ " yoke height at side seam as per srmOn communication. Pls review sample and update spec sheet accordingly  
-Spec has been updated based on PP sample.
  2. We measure WB height, j-stitch length, front pocket vertical, and yoke heights from top of WB stitch as per srmOn communication. Pls review and confirm to proceed bulk.  
-These specs should be measured from bottom stitch of WB stitch as they would be measured from bottom of WB on a style with standard topped on WB. Please adjust so these specs are measured from bottom WB stitch in bulk.
  3. We used black color interlining and black color zipper tape for this P.P sample as per our merchant confirmation. Our team will work for update trim page.  
-Trim sheet should be correct for trim color.

## Trims/Marketing:

1. Label placement is approved as per sample. Please maintain for bulk.
  2. Please confirm all bulk trims and labels with sourcing/production team.

**Fabric / Color / Wash / Handfeel:**

1. Wash/Handfeel: Follow up with merchant team for all callouts regarding wash/handfeel.

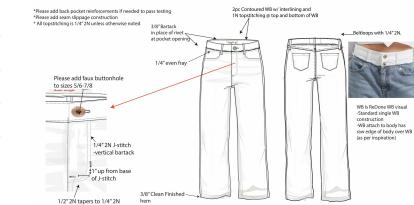

Thank You,
