General Comments:

- Noted fabric and trims information as per Cover sheet & all are sources from preferred supplier please maintain in bulk production.

**Please follow separate approval from the brand team for packing/folding& shipping.

Critical Point of Attention for PP & Bulk:

1.WB shirring should be evenly distributed all-around the body. WB height must be even. Please Use caution during WB setting.

2.Back pocket placement should be mirrored with each other. Please use caution during attaching.

3.SS patch pocket placement should be mirrored with each other. Please use caution during attaching.

4. CF zipper should be lay flat. Please take special care during sewing & finishing.

5. Cut WB elastic following size-wise measurements. Fix size-wise measurements by reviewing the size set.

6. A designated QA will check the finished elastic measurements of all sizes & he will ensure that the measurements are ok as requested.

7. 100% finish Garments WB measurements must be checked by a responsible QA

PLEASE SEE CPA IMAGE

Construction / Workmanship Comments:

1. Construction ok with DI & as requested by design team, Please follow APP sample for all construction. Please make sure that you are maintaining kohl's product safety & MCS at all points.

2.Workmanship looks good, please maintain.

3.Noted: D ring size has been corrected.

4.Please adjust the entire machine according to the fabric character before starting the production.

5.WB shirring looks little uneven, please correct it.

6.Please apply your best technique during cutting & sewing to avoid leg twisting. Please advise what technique you are applying to avoid twisting. PP looks good, please take care of bulk.

7.Noted: Additional reinforcement not applied at back pocket top corner. Please pull test the bulk goods. If test is pass then reinforcement no need.

8.Label attachment method is acceptable. Label approval page uploaded into TP.

Fit & Measurement Comments:

1.Fit looks good & well-balanced on the dress form. Please maintain.

2.Overall leg balance looks fine. Please maintain.

3.Noted: Out seam top edge shape has been corrected: PP sample looks good.

4. Noted: Excess fullness has been shifted from top edge of CB seam, PP sample looks much better, please maintain.

A. Keeping 1" to 1 1/2" flatter body at CB WB: Noted: it's not possible. Please maintain as per APP sample.

5. All the corrections have been done as requested. Please do not change the pattern shape.

6. Before starting the bulk -Please adjust the fabric shrinkage properly.

7. A few points are edge of tolerance, please BTS. Overall specs are within tolerance as given. Please maintain.

8. Please follow APP Pattern / Sample for those points that are not specified in the measurement chart/detail page. Please share with us if you find any points.

Thanks.

Label Placement and attachment method: K-Link: https://link.kohls.com/resources/subcategory/labels-and-packaging</p> <p>CONSTRUCTION COMMENTS: 1. Noted coin pkt is SN, not 2N. DI pg is corrected. 2. D-ring is only 1mm too small. It should not get significantly bigger. Pls review w/ Design.</p> <p>FIT COMMENTS: 1. Overall fit & balance are ok. 2. Hip fullness is good for Design direction. Pls maintain. 3. Spec for Waist Extd is updated for follow sample due to fabric thickness. 4. Spec for Waist Rlxtd is ok as sample. Spec is updated. 5. Noted Outseam is pushed up slightly at top edge & will be fixed with a smooth waist pitch. 6. Pls shift some fullness away from CB, leave about 1- 1 1/2" flatter body at WB seam at CB seam. The fullness is causing folds at back, but the overall fullness at Hip is still nice. If it is not possible to control the shirring, I would be ok to decrease the Hip 1/8" if needed as long as that smoothed out the back waist slightly. Pls advise.</p>

E-pattern Information:

1. We applied your suggested pattern with corrections to proceed to the 1st fit sample & current E-pattern is SP24-F1-09-JG42D115-DNM-N-AGL

CONSTRUCTION COMMENTS:

1. Overall construction ok with DI. Please review & advise if we need to make any changes.
2. Coin pocket hem: We applied 1/4" SN TS as per sketch instead of 2N TS at DI wording, Please review.
3. Cargo pocket D ring is little small, we will correct it.

FIT & measurement COMMENTS:

1. Hip looks little too full on the dress form, Please review and advise your comments.
2. Waist extended: We did it 18" because 19 1/2" will be too big for cotton fabric, Please review & advise your comments. If you really want to increase it, then I will increase it.
3. Waist was looking loose/easy on the dress form and that's why we reduced it 3/8". Please review the sample on the dress form. I think 14 1/2" or 14 3/4" will be enough.
4. Inseam measurement is little minus, we will correct it.
5. Out seam at waist looks little up on the dress form, We will improve it.
6. Overall specs are within tolerance. See comments in POM TAB.
